PUMPER NO. 2 RESPONDS

Booster Pump on Rushville Fire
Truck Extinguishes Blaze—Buck-
et Brigade Does Good Work

The United Presbyterian church at Mays, the only church in the town, was damaged by fire Sunday morning about 9:30 o'clock, and a loss estimated at \$800 or \$1,000 resulted. The fire was brought under control and the building was saved.

It was understood that the property was not injured and the total loss will be sustained by the church. Pumper company 2 of this city was sent to aid in the fighting of the fire, and the fire engine from Carthage also arrived, after the fire was under control.

The blaze is believed to have started in some manner from the furnace in the church. Some trouble was experienced in getting the fire to burn early Sunday morning, before the church services, and the pipe was taken down and cleaned.

After the fire was started again in the furnace it appeared to be burning in good shape and it was left alone, and when church time arrived, the building was full of smoke, and the fire was roaring in the basement beneath the main floor of the church auditorium.

The building is a fine brick structure and was nicely decorated on the interior. The volume of smoke ruined the decorations. The people of Mays and vicinity turned out and formed a bucket brigade and fought heroically. They were handicapped on account of the smoke, and could not reach the flames beneath the floor. They poured water through the windows and soaked the floor, and in this manner checked the flames from bursting into the central part of the building.

A call was sent here, and pumper company 2 reached the place in a short time. The small line of hose from the booster tank was used, and inserted into the basement. The high pressure from this line quickly extinguished the fire that was burning its way rapidly to a point of getting beyond control.

There was no other source of water supply available excepting small wells, and the booster line was the only one that could be used, but it was sufficient to fight the fire.

Fire chief Williamson, who accompanied the truck, stated today that the people of Mays deserve credit for their prompt action.

FOUND IN BED WITH BULLET WOUND IN HEAD

Oren Elmer Mantle, Age 66, Com-
mits Suicide at Home of Daugh-
ter in Carthage

TWO DAUGHTERS LIVE HERE

Oren Elmer Mantle, age 66 years, a well known resident of Carthage, was found dead in bed Sunday morning at the home of his daughter, Mrs. Charles Weaver, with whom he lived. Mr. Mantle committed suicide by shooting himself through the head with a revolver.

Despondency over ill health was attributed as the cause of his action, according to Dr. J. M. Lee, county coroner, who investigated the accident. Mr. Mantle is believed to have shot himself Saturday night, as members of the family with whom he lived, were away from home and when they returned, believed he had retired. When he failed to appear for breakfast, the discovery was made. He had been dead several hours.

Besides the daughter, with whom he lived, he is survived by two other daughters, Mrs. John Hobbs and Mrs. Grover Enos, both of Rushville, and a son, Ben Mantle of Connersville.

Funeral services will be held Tuesday morning at ten o'clock at the Methodist church in Carthage, in charge of the Rev. Mr. Glover, and burial will be made in the cemetery at Arlington.

COMPOSER TO APPEAR HERE

Miss Edna Welty Talented Reader
and Pianist of Give Program

Miss Edna M. Welty, composer, pianist and reader, will appear in a program of music and readings at the First Baptist church Tuesday evening at 7:45 under the auspices of the Progressive Booster class of the Sunday school. Miss Welty has been on a tour of the northern part of the state where her work has been given the widest praise.

Miss Welty was brought to Rushville because of having been here with the McKineys when they held a revival at the First Baptist church a few months ago. At that time she delighted local audiences with her versatility and charm.

Commissioners Take Step Toward Community Building

The county board of commissioners revealed sentiment in favor of a community building, this afternoon, in voting to instruct the president of the board, Harry Gosnell, to communicate with the Rushville city council to see what cooperation might be expected for the erection of a community building.

A building for agricultural and industrial shows, large community gatherings, conventions and athletic contests could be erected jointly by the county and city under a state law, the commissioners have been informed.

The campaign to ascertain the extent of the sentiment for building a new gymnasium and community building in Rushville, will take formal shape Thursday of this week, according to an announcement made today by H. B. Allman, superintendent of the city schools.

No definite plan has been worked out, and the first plan now is to find out whether the sentiment is strong enough to justify the proposition, and the success of the campaign Thursday will determine the future of the plan.

On Thursday afternoon, high school pupils will be dismissed for the purpose of making a canvass with pledge cards for season tickets for next year. An effort to secure 1,000 pledges will be made in the afternoon, and if this is done, it will no doubt reveal the fact that the sentiment is strong enough to encourage the proposition.

The price of the season tickets has not been determined. After the canvass has been made, a check will be taken. Persons who have been clamoring for a new structure, and who would like to have a seat reserved for every home game next season will now have an opportunity of aiding in the plan, and as said before, the success will show the general sentiment.

HOGS UP TO \$13

Indianapolis, Ind., March 2—Hog prices jumped 50 cents higher on the Indianapolis market today and sold at \$13. Unusually light receipts caused the advance. Today's quotations were \$1 higher than a week ago. Traders predicted \$15 hogs before the end of the month.

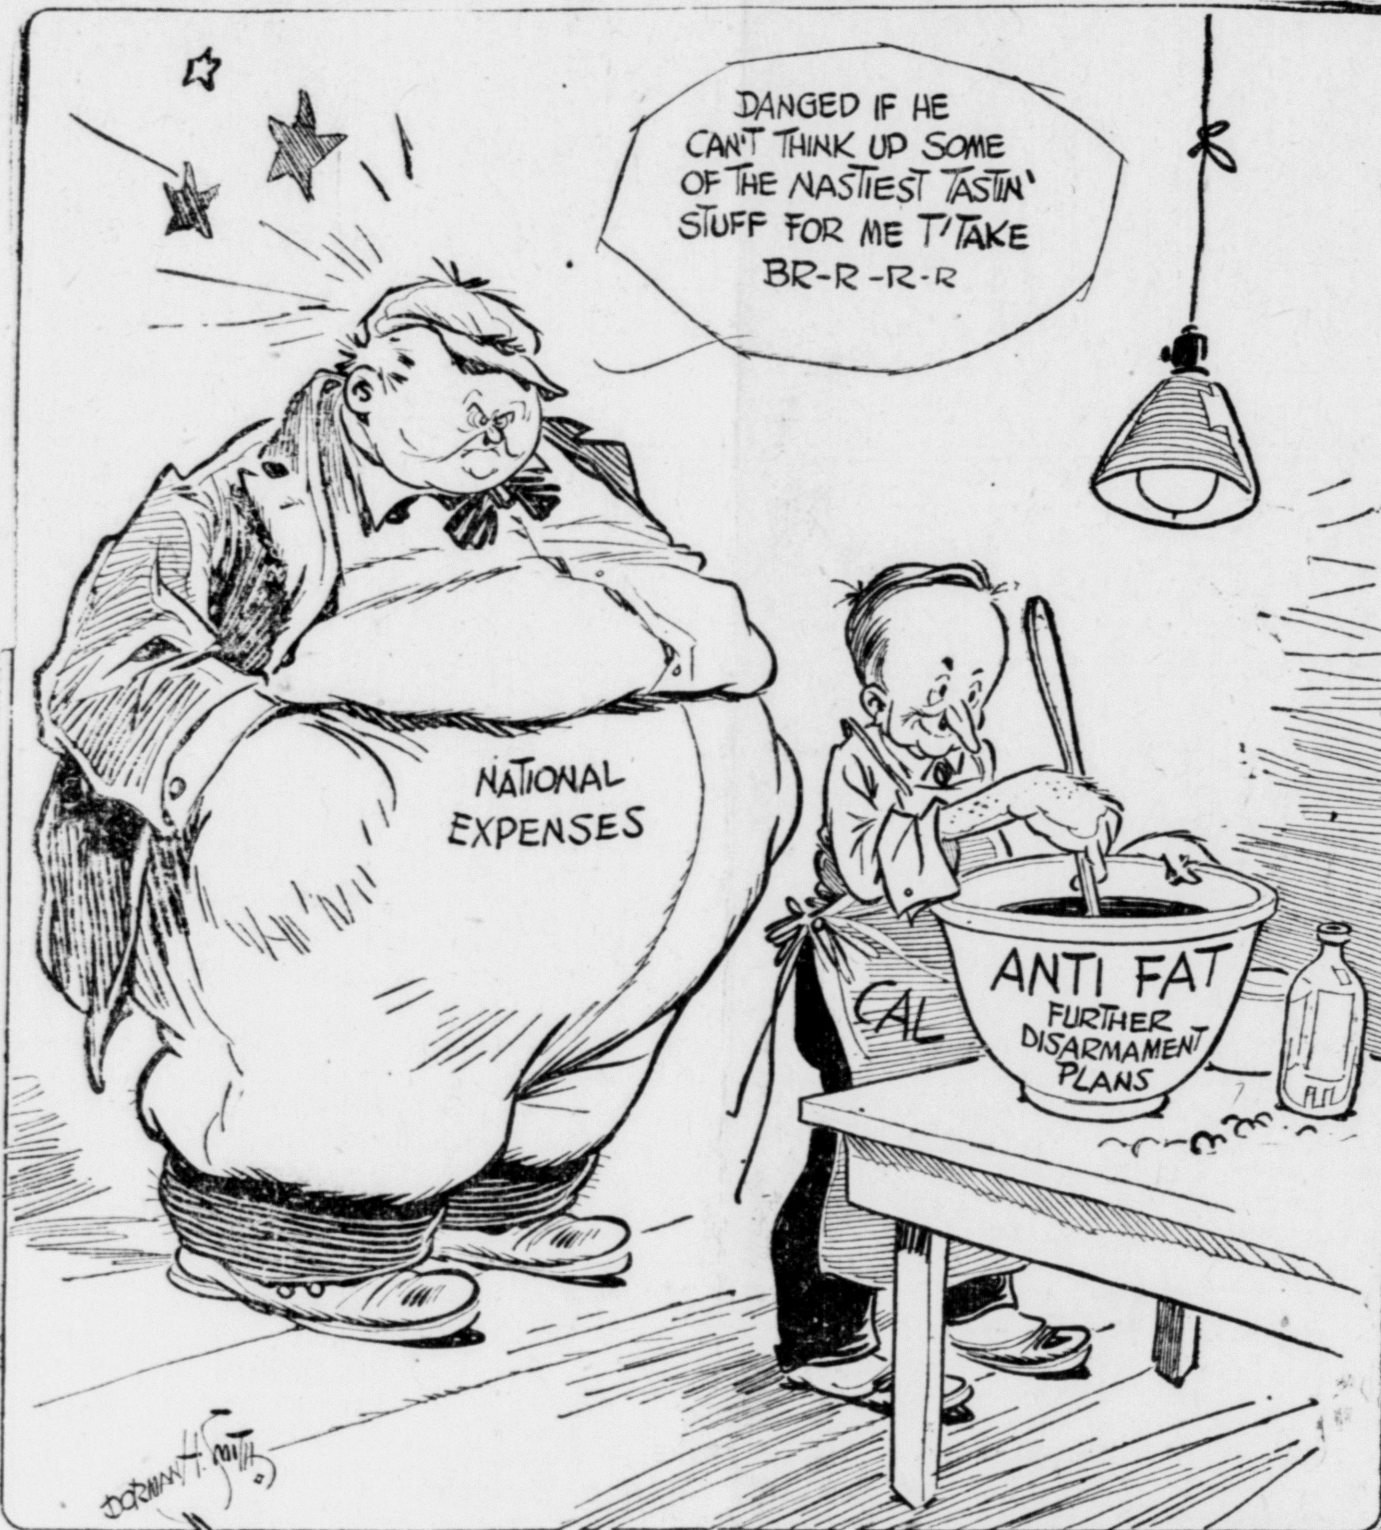

FIRE LOSS HALF MILLION

Muncie, Ind., March 2—Officials of the Muncie Malleable Foundry company today estimated at \$500,000 the loss from the fire which swept the company's plant yesterday.

TIPTON CHURCH BURNS

Tipton, Ind., Mar. 2—Fire started from an overheated furnace, today, destroyed the First Presbyterian church here. The loss was \$60,000. The interior of the structure was in flames when firemen arrived.

PREPARING ANOTHER DOSE

MERCURY HITS ZERO TO USHER IN MARCH

Only Ten Times in Last 44 Years
Has Temperature Gone as Low
During March

WARMER WEATHER PROMISED

The mercury hit a low mark to usher in March, according to Elwood Kirkwood at Maury, in charge of the government thermometer, who stated that zero weather for March was on record only ten times during the period of 44 years of which he has been in charge of the records.

The mercury during the night reached zero, according to Mr. Kirkwood. The zero weather is an unusual thing for March, and the coldest for any period in March during the 44 years, was 5 below in 1884.

The mercury this morning did not climb very fast and at noon was only eleven degrees above. The atmosphere was chilled with a strong wind, that combined with the zero temperature.

Warmer weather is in sight, according to the prediction today. The report states that fair weather will prevail, with the rising temperature due by Tuesday, and continued fair.

Chicago, Marc h2—The crest

of the mildest cold wave will pass to the eastward tonight, the weather forecasters today. Sub-zero temperatures still prevail in the northern part of this forecast area, Minnesota points reporting from ten to 16 below zero. At White River Ont., it is 46 below.

SUFFERS FRACTURE OF THE LEG

Miss Bernice Kelso of This City
Taken to Indianapolis Hospital

Indianapolis, Ind., March 2—Miss Bernice Kelso, of Rushville, Ind., was taken to the Deaconess hospital last night with a fractured right leg. She slipped and fell as she was crossing Illinois street just north of Market street.

Miss Kelso is the daughter of Mr. and Mrs. Lon Kelso, 231 West First street. Mrs. Kelso went to Indianapolis this afternoon to bring her daughter home in an ambulance.

Miss Kelso was accompanied by Ervina Greely, 210 North Jackson street, this city. Miss Kelso's father is employed at the Rushville Steam Laundry.

MRS. LUTHER HUNGERFORD DIES SOUTHWEST OF CITY

Death Follows Affliction of 20
Years With Rheumatism Sunday
—Funeral Tuesday

HUSBAND, 2 CHILDREN LEFT

Mrs. Katherine Hungerford, wife of Luther Hungerford, died Sunday morning about 11:30 o'clock at the family home, southwest of here in Rushville township, death resulting from a long illness, and terminating a sickness of 20 years with rheumatism.

The deceased was 41 years of age, and was the daughter of the late Henry and Elvira Mull. She is survived by her husband and two children, Wesley and Helen Hungerford, who live at home. A brother and a sister also survive, who are W. A. Mull and Mrs. Alva Hungerford, both of this county.

Funeral services will be held Tuesday afternoon at two o'clock at the Big Flatrock church in charge of the Rev. Mr. Hosier, and burial will be made in East Hill cemetery Rushville.

GEORGE A. ELLIOTT IS DEAD AT NEWCASTLE HOME

Editor and Publisher of Courier Ex-
pires This Morning—Prominent in
Public Affairs

HEAD OF INDIANA EDITORS

(Special to The Daily Republican)
Newcastle, Ind., March 2—George A. Elliott, age 46 years, died at his home here this morning at eleven o'clock. Mr. Elliott's death had been expected for the past several days, due to his critical condition with heart trouble.

The deceased was editor and publisher of the Newcastle Courier, president of the Indiana Republican Editorial association, republican sixth district chairman and member of the republican state central committee.

He served four years as mayor of Newcastle, his term ending December 31, 1921. Mr. Elliott also was formerly treasurer of the Newcastle board of education and president of the Newcastle Chamber of Commerce.

The deceased would have been 47 years of age the 25th day of this month. He is survived by the widow and three children, Mrs. Alfred Mar. Continued on Page Six

ASSESSORS MEET TODAY TO BEGIN THEIR DUTIES

Expected to Agree on Schedule of
Prices for Appraisal of Per-
sonal Property

WILL ASSESS REAL ESTATE

Township assessors of Rush county met today with Earl F. Priest, county assessor, and made preparations for the annual assessment of taxable property.

Before the day's session adjourned the assessors expected to prepare a schedule of appraisal values for every article appearing on the assessment list.

The county assessor, as well as the township assessors, have been keeping a close check on public sales in Rush county with a view of arriving at the true cash of farm personal property. By this means, they endeavor to fix a fair value on each item.

Real estate also will be assessed this year, in accordance with an order of the state board of tax commissioners. Ordinarily, this class of property is assessed every four years, but due to the sentiment in favor of a new appraisal, on account of the decline in land values since the last appraisal, an assessment was ordered this year.

Dan Spivey, Rushville township assessor, has announced the appointment of Val Conway, O. C. Brann, Charles Lambers-on and Will Jones as deputies.

ACCOUNTS FOR EARTH TREMOR

Dr. Reed Says it Was Due to Slip-
ping of Rock Mass in Ocean

New York, Mar. 2—The slipping of a rock mass in the Atlantic ocean off the coast of Maine, about 343 miles from New York, caused the earth tremor of Saturday night which shook the northeastern part of the United States and eastern Canada, and as far west as Wisconsin.

This has been established by Dr. Chester A. Reed of the American museum of natural history from a study of the seismograph record at that institution.

Dr. Reed said evidence indicated the quake was due to a new movement in a recently discovered fault or fracture in the ocean bed extending from the Bay of Fundy, southward to the Isle of Shoals, off Portsmouth, N. H.

FOR THEFT OF AUTO TIRES

Earl Andis and George Youse of
Carthage in Jail

Two young men of Carthage are in jail, charged with the theft of automobile tires, following their arrest Sunday by Sheriff Hunt and police chief Blackburn. The prisoners are Earl Andis and George Youse. They are charged with stealing tires from an automobile trailer belonging to Rowland H. Hill of Carthage.

According to the officers, a tenant on the Hill farm suspected the two men, and an automobile belonging to Andis was traced to this city where it was in a garage being repaired. The stolen tires were identified on the machine, it is said, and this caused the arrest of the two. Andis has been in trouble before, according to local records, and served a sentence a few years ago for liquor law violations.

TWO DEPARTMENTS PUT UNDER FIRE

House Adopts Majority Report to
Abolish State Highway Commis-
sion as Now Constituted

OIL INSPECTION ALSO HIT

Bill Placing Busses Under Public
Service Commission Ready for
Governor's Signature

(By United Press)

Indianapolis, Ind., March 2—The state highway commission and the state oil inspection department came under fire in the legislature today.

The house adopted a majority committee report recommending passage of the Kissinger bill to abolish the state highway department as now constituted.

The senate also adopted the appropriation for the oil inspection department from \$200,000 to \$10,000 for the next two years.

Under the Kissinger bill a new highway commission composed of four members appointed by the governor on a non-partisan basis would be created. The director of the highway department would be appointed by the governor and would be directly responsible to him. At present the director is named by the highway commission itself.

The Kissinger bill now goes to second reading where foes of the highway commission will seek enough votes to put it across without radical amendments.

The slash in the oil inspection department appropriation was made by the senate sitting as a committee of the whole in considering the \$48,000,000 administration appropriation bill.

Senator Batt of Terre Haute declared that the jobs in the oil inspection department were "alms" for indigent political workers. Senator Sanders of Bluffton argued that inspectors did no good whatever.

Senator Chambers of Newcastle made the motion for the slash in the appropriation. The senate sat in consideration of the appropriation bill throughout the morning.

The house today defeated the Nejd old age pension bill when it adopted a committee report for indefinite postponement.

The bill passed the senate by a narrow margin and a similar measure introduced in the house was killed in the committee earlier in the session.

The house today passed the Moorehead bill for regulation of busses through the public service commission after lengthy debate.

The vote was 69 to 21. The bill now goes to Governor Jackson.

During debate on the bill Representative Pittenger, republican floor leader, said that unregulated bus competition is destroying the taxable property of railroads and interurbans.

Representative Freeman of Kokomo, leading the opposing forces, declared the Moorehead bill was designed to destroy bus competition.

Passing of the Moorehead bill means abandonment of action on the Hall bill which proposed to place regulatory power in the hands of the highway commission. The latter bill was backed by bus interests.

Pastors Fill Pulpits in Rushville
Churches Sunday—Ted Spray at
Christian Church

Pastors filled their pulpits regularly in Rushville Sunday, with the exception of the Rev. Gibson Wilson whose place was taken Sunday evening at the First Presbyterian church by the Rev. W. T. Locke, who has spent thirty years in China.

He gave a most instructive address, showing the forces at work changing world conditions, instead of following the usual course of speakers on the subject of missions.

The Rev. Mr. Locke described China as using modern machinery and methods, paying only a few cents per day for labor and as already placing her products on American shores much cheaper than they can be manufactured in this country.

"This can not but affect wage conditions in this country," he said, "unless Christianity can lift up the desires of the Chinese to a better condition of living."

Ted Spray of Frankfort, Ind. delivered two sermons at the Main Street Christian church Sunday, in the absence of a regular pastor. The Rev. B. F. Cato of Marshalltown, Iowa, will become pastor of this church May 1, having accepted a call from here a week ago Sunday.

First Presbyterian

"The Awakening of the Church" was the theme of the Rev. Gibson Wilson's sermon at the First Presbyterian Sunday morning, taking from the text, "Awake, awake, put on thy strength, O Zion: put on thy beautiful garments, O Jerusalem, the holy city." Isaiah 52:1. In brief, the subject was discussed as follows:

Subject: The Awakening Of The Church.

In the previous chapter, the prophet has called upon God, by a figure of speech, to awake and use his strength to save Israel, as he did at the Red Sea.

Now that God has awakened and delivered his people from Babylonian captivity, he calls upon the Church to "Awake" as she has entreated him to do. This is the voice of the preacher and the voice of God untied.

The Church has her days of humiliation. During that time the

NO DECISION MADE IN CHILD POSSESSION SUIT

Evidence Concluded in Case of
Clyde Merritt Against Hazel
Merritt in Circuit Court

DIVORCE HEARING IS HELD

The evidence in the child possession suit of Clyde Merritt against Hazel Merritt, was concluded Saturday in the circuit court by special judge Lowe of Lawrenceburg, but no decision rendered in the matter.

Judge Lowe will return here some time this week, and render his decision in the matter. The case occupied the attention of the special judge on three different Saturdays, and considerable evidence was introduced by both sides of the case. Mr. and Mrs. Merritt are separated, having been refused a divorce several months ago, and the action by the plaintiff is to secure possession of the child.

Judge Sparks heard the divorce suit of Dallas T. Richardson against Harry Richardson, in court Saturday, and the matter taken under advisement. The case was sent here from Fayette county on a change of venue.

There was no court today on account of the absence of Judge Sparks, who was in evidence in a case where he is acting as

Are the children in your way because of lack of room to play?

Why not fix up that spare room or attic and give them a chance to play right. They must be in the house during the wet, gloomy weather, so why not give them as much freedom as possible. You will be surprised how cheaply it can be done. And you will be surprised at the way the children will stay and play there.

PICTURES FORCES AT WORK IN CHINA

Continued from Page One
world laughs and says, where is thy God? Even during the World War enemies of the Church said, Christianity has failed. Evil does have become more brazen. Other workers of evil have become more cunning.

There are more good people in the world today than ever before, but defiers of God, by the abuse of science and money have become more powerful.

What is the first sign of an awakening church? It is their cry to God to use his strength in defense of his cause. It is also a condition of recovery from our spiritual stupidity.

The first condition of revival in this church is its cry to God to use his strength for his people. We have prayed too lazily, scarcely expecting an answer. Let us make our cry so earnest and loud that it pierces heaven and arouses God to come to our help. At the grave of Lazarus, the voice that waked the dead was preceded by prayer. It must ever be thus.

Notice also that efforts to serve the Lord will reveal strength not yet known.

We are told that there is enough dormant electric energy in a few raindrops to make a thunderstorm. There is also enough dormant spiritual energy in any earnest Christian to arouse the sinner dead in sin to life in Christ.

"The Church's resources are sufficient for the Church's task, if the resources are used." The five loaves and two fishes were not enough, but in the miracle hand of Jesus, with his blessing they were enough.

All that is necessary is for Zion to put on her strength. Jacob, after one night of prayer and wrestling with God, was stronger than after twenty-one years of trickery, cunning and scheming. God went by the prayer track to the heart of the angry Esau and reconciled the two angry brothers.

Some see only the profanity and obscenity of the world while others see the glory of God. Many soldiers in the World War saw only iniquity round about them. Sherwood Eddy's friend in the direst surroundings

of the trenches said he felt as if he were "In some great cathedral with the presence of God all about him."

There are some of us who are praying for men and women, that they will confess their sin, acknowledge their Lord, and with us take of the sacrament of the Lord's Supper at the Easter time. Instead of our "Organizing" to confer with one another let us "Agonize" and commune with God.

First U. P. Church

The sermon at the First United Presbyterian church on Sabbath morning was delivered by the pastor the Rev. E. G. McKibben and was based on Matthew 27:19, "Have thou nothing to do with that righteous man."

"The wife of Pilate sent this message to her husband," he said, "as he sat on the judgment seat and Jesus was being tried for his life in his court. Although its author was not inspired and the advice was bad, yet the text is a part of the inspired record, and it has its message. Jesus at that time stood before the governor to be judged by him. Soon Pilate would stand before Jesus as his judge. And in this he shared in a common, human experience," the pastor said.

"Today Jesus stands at your judgment bar. 'What think ye of Christ' is a question that will not go down. 'What will you do with Jesus who is called Christ is always before us. Satan's counsel is, 'Have thou nothing to do with that righteous man.' But you must pass on his claims. He claims to be divine, to be able to save, and willing to save, and to have supreme authority over men. On the strength of the witnesses, are you willing to grant him what he claims? You must accept or reject his salvation. There is no middle ground. He that is not for me is against me. You must accept his leadership or follow another leader. You must accept work in his kingdom or turn it down. Jesus

ANOTHER NURSE PRAISES TANLAC

"As a nurse I have seen many marvelous results from Tanlac. For anaemia, nervousness, stomach trouble and building up the system after operations I consider Tanlac great!" Mrs. K. M. Lowe, Walnut Park, Cal.

Nurse Lowe's statement merely backs up what over one hundred thousand grateful Tanlac users have said about this great natural tonic and builder. Our files are packed with such testimony.

If your system is run down, if you can't seem to eat or sleep, have lost weight or suffer from trying pain, why not let Tanlac start to bring you back to vigorous strength and health.

No long, wretched wait to get results! Tanlac starts right in to build you up. It cleans the blood, revitalizes digestive organs, fixes up the liver and makes you feel like a new person.

FOR YOUR HEALTH

Christ, in a very important sense, stands before the bar of humanity today and you may find, are sitting in judgment on him.

"Soon, however, you will stand before him at his judgment bar. 'Forever shall all stand before the judgment seat of Christ.' You will stand there as an impenitent sinner. In that case you will stand alone, no advocate, no word of council, no grain of comfort and no excuse that you will be willing to offer. Your soul will be filled with shame, and fear, and regret and despair. You denied him in the presence of men. He will deny you in the presence of his Father and of the holy angels.

"Or, you will stand thus as a sinner saved by grace. In that case you will have boldness in the day of judgment. That you have not labored in vain. There will be no fear as to the future and no regret as to the past. You will stand there for vindication. You will stand there for reward. This text leaves us at least three things to think about. One is 'Satan would divert attention from the real issue, attend to other things, make a living, look after your reputation, attend to your social functions, throw this matter out of court. 'Have thou nothing to do with his righteous man.' Another is 'This question has precedence over all others.' No child of Adam's race can follow the advice of our text. Your first duty is to enter in through Christ, the door. Your second duty is to walk in Christ, the way. The third is 'This question will not be deferred.' Not to enter the narrow door is to pass through the wide gate. Not to walk in the narrow way is to travel the broad way. Not to serve Christ is to be a bond slave to Satan."

Revival Opens Sunday

A revival began last night at the Church of God, corner of Ninth and Oliver streets, and the evangelist, J. Lee Collins, delivered a message to a goodly number on "Pure Religion" taking for his text, James 1, 26:27. He affirmed that pure religion is

the love of God in our hearts; a divine power comes down from God out of Heaven to save men.

He also said there were many different religions in the world but only one pure religion and everybody has religion, but not everybody has a pure religion. He spoke of how sin has left its marks on every hillside, but pure religion would "take away the spots and make us kings over ourselves and everything else contrary to God." He likened it to a stream that never runs dry and "although the thunders may roll, we can have a peace in our bosom that the world don't know anything about."

He spoke of how people need religion more than anything else in this world if they expected to make a success.

There will be services each evening this week at 7:30 o'clock with good singing, and the public is invited.

Legislative Probes

With only one week of the 1925 session of the Indiana general assembly left, it does not now appear that the program of the state highway commission will be seriously disturbed, even though a legislative investigation of the commission was begun today.

Nothing could be more unwise than to permit the political drive that apparently has been under way to undermine and curtail the effectiveness of the state highway program. Granted that vast sums of money have been spent, but there is no state agency that has ever given more universal satisfaction.

However pressing the demand for economy may be, it would set Indiana back many years if her road program were slowed up. Instead of curtailing it, the state should be planning to build more permanent roads to keep step with sister states.

A bond issue of \$60,000,000 will provide funds for Illinois' road program. Michigan, too, is extending itself to build paved highways as rapidly as possible. These two states are wise enough to know that federal aid for state highways may not last forever. In fact, it is reported that in view of the sentiment growing against this method of spending federal funds, congress may repeal the law under which the government helps build and maintain roads in states meeting certain requirements.

It therefore behooves Indiana not to restrict its state highway commission, but to do everything possible to build more roads while federal aid is available. Whenever this assistance is withdrawn, every cent of money spent for roads will come out of the pockets of Indiana taxpayers.

Good Lighting

Poor lighting may seriously impair the future of a child or may reduce the usefulness of older people, yet it is a question that receives scant attention from the average person.

Lighting is given more consideration in large auditoriums and public buildings, and in industrial institutions, yet conditions are far from what they should be, as a rule.

This is the testimony of the Eye-Sight Conservation Council of America, which adds that lighting conditions in the households and school rooms of the land are neglected to an extent that is harmful to the human race.

Glare is regarded as the most insidious cause of eyestrain, and it may be found present in the lighting arrangement of the majority of homes.

Excessive brightness, excessive volume of light and excessive contrast, are the three chief sources of glare. Excessive brightness is said to be the worst offender.

It would be a simple matter to overcome some of the evils of poor lighting, if those suffering from the consequences would take the trouble to determine the source of the trouble.

Methods of lighting the home to promote health and comfort, as well as to conserve the eyesight, are becoming vital factors of domestic science and modern housewives should not fail to keep in touch with developments in the art of lighting the home.

ECHOES FROM THE GENERAL ASSEMBLY

Indianapolis, Ind., Mar. 2.—Cupid dealt a blow in the senate Friday afternoon when a bill providing holidays on Saturday afternoon in all Marion county offices was passed.

"Why, that will make it impossible to get marriage licenses on Saturday afternoons," one senator remarked.

"And it will also be impossible to file divorce suits," another added.

The prescription clause in the Wright "bone dry" prohibition bill "doesn't mean a thing," according to Senator Nejdil, of Whiting, Republican floor leader in the upper house.

Joy of the wets over being able to buy a quart of pure grain alcohol at a drug store on prescription will be short lived, according to Nejdil. "They'll let a fellow buy his alcohol and then haul him in under other provisions of the bill," Nejdil said.

A five minute cloture rule on debate will be in effect in the house during the remainder of the session to keep the legislative machinery from lagging.

Speaker Leslie announced that night sessions will be held this week to clear away the mass of bills and resolutions that are still pending.

In announcing the rules to speed up the work, Leslie again took a fling at lobbyists in the legislature.

"I have good reason to believe there is plenty of money hanging around the halls of this chamber," he said. "And I will tell the legislature I am not afraid to tell persons who try to coerce me to go to hades."

One of the many rumors growing out of the strike of the Democratic senators was officially nailed.

While Senator Crosby, of Huntington was in exile in Ohio with the bolting senators, reports were current that he was slated to succeed Maurice Douglas as member of the public service commission.

Governor Jackson denied that he had heard anything about it or that he had considered the appointment at all.

Douglas' term will expire May 1.

Hunt's Washington Letter

BY HARRY B. HUNT

NEA Service Writer

WASHINGTON—The administration got its economy wires crossed the other day and the result was a short circuit that shocked Budget Director Lord to the point of speechlessness.

While the White House was offering a \$10 reward for suggestions as to how \$12,500 could be trimmed from executive office expenses, the Senate, without a roll call, approved an amendment increasing congressional salaries from \$7500 to \$10,000, or an increase in the annual congressional pay roll of \$1,927,500.

Maybe Senator L. Heister Ball of Delaware, who proposed the amendment, was trying to have a little fun with his colleagues.

Ball is a lane duck, having been defeated for re-nomination by the G. O. P.

Perhaps he just wanted to test out, by actual experiment, the personal sincerity of his colleagues who, in the name of national economy, had recently defeated the pay increase to postal employees.

But if it was a joke to Ball, it wasn't to other senators who proceeded without debate to pass it with a whoop.

BRIG. GEN. "BILLY" MITCHELL, air service agitator, DID call at the White House to see President Coolidge on Feb. 19. He shook the president's hand and the president shook him. And not a hard word passed between them.

Newspapers on the morning of the 19th announced that Mitchell had been summoned to the execu-

tive presence to receive the official ax because of the furor he had stirred up in army and navy circles by his flight for a separate air service.

Officialdom was all agog, waiting breathlessly for what all agreed—and many hoped—was to be an executive execution.

But when Mitchell arrived it was in gala attire—He was togged out in his full-dress uniform, his shoulders sagging a bit beneath the weight of the medals and decorations pinned across his chest and hung around his neck.

For he had come not as a culprit to be beheaded, but as a guest at the army and navy reception, the last big social shindig of the season at the White House calendar.

And, for the minute at least, Mitchell had the laugh on his service enemies.

SECRETARY WORK, living up to his name, seeks to advance efficiency in his department by abolishing the opportunity for "clock watching" by Interior Department employees.

Work has ordered that all except the few officially necessary clocks in the Interior building be removed.

Quitting time will be announced by the ringing of a big gong on each floor. And even these gongs have been placed out in the corridors where the workers can't watch to see when they're about to ring.

The difficulty of having clocks where workers can watch them. Work holds, is that nine out of ten employees spend more time clock watching, as quitting time approaches, than they do watching their work. And what Work wants is work.

"I recommend Dr. Pierce's Golden Medical Discovery for a debilitated condition because I have used it and know it is a wonderful tonic," said Mrs. Eliza A. Pegg of 1413 S. Franklin St., Muncie, Ind., whose picture appears above. "It enriches the blood and helps a person in every way. My first experience with the 'Discovery' was after I had the 'flu' several years ago. I am 74 years of age now and I expect to recommend Dr. Pierce's Golden Medical Discovery as long as I live."

Health is your most valuable asset. Obtain Dr. Pierce's Golden Medical Discovery, now, in liquid or tablets, from your neighborhood druggist, or send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial pkg. Dr. Pierce will give you medical advice free, too.

Obituary

Christina Leons Krugg was born at Cincinnati, Ohio and died February 25th, 1925 aged 49 years and 13 days. She came to this county in 1880 where she spent the greater part of her life. In 1873 she was united in marriage to John G. Krugg who preceded her in death, July 15, 1912. To this union were born six children, one son dying in infancy. Four daughters, Mrs. Mary Holle and Mrs. Marguerite Lewis of Decatur County, Mrs. Elizabeth Hedrick and Mrs. Anna Barber of Franklin County, and one son, J. F. Krugg of Rush County are left to mourn their loss. She is survived also by seventeen grand children and two great grand-children.

The deceased was a member of the Lutheran church from childhood and lived a consistent Christian life. Her greatest joy and concern in life was her home and family. She was stricken with paralysis in July 1923 at the home of her daughter, Mrs. Holle and has since been a patient sufferer until the Lord called her home.

THE AMERICAN NATIONAL CO.

Rushville, Indiana.

March breezed in like a Lion! Therefore the Lions should feel at home, and win the sectional this week.

WHAT DID YOU THINK OF THE TOURNEY DRAWING? MILROY HAD THE EASIEST PICK OF ANY TEAM. LOOK IT OVER.

It is true Rushville drew a bye, but nothing was gained by it. Rushville must play three games in one day, meeting in all probability, Arlington, Moscow and Milroy—that is if they win all of them. On the other hand, Milroy must play three games to play in the finals, meeting New Salem, probably Carthage and then the final game.

Moscow should have easy picking with Center in their first game, and would then meet either Manilla or Raleigh for their second game, before going into the semi-finals, and if they go the entire limit, it will mean four games for them.

Glenwood failed to enter the tourney and this caused an uneven number of teams. Gings has quit for the season. In all there are 13 teams in Rush county, eligible to take part, if all had entered.

Easy drawing at Connersville, as all eleven teams put together couldn't defeat Connersville.

The drawing in the Shelbyville sectional will put Shelbyville and Greensburg together in the final game, if they both survive all former contests. This will be a real fight.

Will Arlington prove to be a Manilla this year for Rushville. Remember last year, when Manilla turned the trick.

SCHOOL OFFICIALS ABOVE ALL ELSE SHOULD MAKE IT A POINT AT THE TOURNAMENT TO HAVE TWO CAPABLE PERSONS IN CHARGE OF THOSE SCORE BOARDS. THIS ERROR LAST YEAR CAUSED DEFEAT FOR RUSHVILLE IN THAT MANILLA GAME.

Persons are urged to buy season tickets for the tourney. If Rushville and Milroy should meet in the finals, it no doubt would prove a financial boost and if that new gym was built, 5,000 people would crowd into it.

With only a few exceptions, all games should be close and good ones. There is always a dark horse in a tourney. It may be Center or Arlington. Don't underestimate any team.

TOURNEY GAMES ARE ALL 15 MINUTE HALVES. AND YOU TAKE TEN MINUTES OFF OF A GAME. AND IT MEANS A GREAT DEAL EVERY TEAM SHOULD REMEMBER THAT, AND WORK HARD DURING THE SHORT PERIODS.

The above should especially be practiced by Rushville. A tight defense will be needed to defeat any

team. Don't let 'em shoot from any angle.

Jimmie Hyatt at Arlington, when he learned the tourney drawing, said "good-bye Rushville," and Jimmie generally means what he says. He has a team that is full of surprises, and often times run wild.

Moscow is the most dangerous team in the tourney. They play regular bang up ball all of the time. Coers, floor guard, is a hard fellow to stop. Alexander at center is the main goal shot. These two fellows will have to be watched by any team.

The tourney at Winslow, wherever that happens to be, will be a great thing. Five teams are entered—Otwell, Stendal, Winslow, Spurgeon and Peersburg. Now do you know any more than you did?

AND HERE IS ANOTHER
Down at New Harmony, or it may be up, the half dozen teams will be Poseyville, Cynthia, New Harmony, Griffin, Stewartville and Mt. Vernon. Who would you pick here?

A big city like Logansport doesn't have a tourney. They have to play at Royal Center, along with Deacon, Lucerne, Young America and a few others.

Rushville was fortunate in having assigned two good and well known officials—our own Fred Bills and Gilbert Best. Welcome B-B.

Little Fairview, composed for the most part of Rush county students, will meet Connersville in the first game of the tourney. They probably would have fared better if they had been assigned here.

Regardless of the Comment, We are For Reserved Seats at the State

The following from Hardwood Hopper of Franklin, is purported to be an expose of conditions which caused appeals from all over the state, asking that the seats be reserved at the finals in Indianapolis, in order to relieve the wild rush among spectators. Hittin' 'em, as well as others, regardless of selfish reasons, still maintains that the reserved seat plan is the only logical method of handling the crowds. The expose from the Franklin Star, is as follows:

In a letter received this morning from F. R. Gorman, chairman of the committee in charge of the state tournament this year at the Exposition Building at the Indiana state fair grounds, we find that Hardwood Hopper, along with several other columnists over the state, "fell" for a propaganda stunt that was engineered by W. Blaine Patton, sports editor of the Indianapolis Star and editor-in-chief of Hardwood Double-Drabbles, appearing in that paper.

Patton asked us our opinion of a reserved seat plan for the state finals this year rather than a helter-skelter plan which has been in vogue since the tournament was originated. Being one who appreciates convenience it was easy enough to favor such a plan if it could be made possible and we still favor such a plan if a workable one can be found. We so expressed our feelings in a telegram to Mr. Patton which he published in his paper.

In the letter from Mr. Gorman this morning, in response to our letter to him asking him about Patton's proposition, we were much surprised to find that it was a personal matter between the two men and came up over the refusal of Mr. Gorman, as chairman of the state tourney committee, to allow Patton to reserve a section (free of charge) for the winners of his Hardwood Essay Contest, which section he would have decorated conspicuously with Indianapolis Star banners, etc. All would have been fine had the request been granted but refusal caused opposition of the Indianapolis Star to the tourney committee in their handling of affairs and saw several columnists "taken in" easily on the opposition.

SECTIONAL SEASON TICKETS GO ON SALE

Holders Will be Admitted to Games Friday and Saturday Before Single Admissions Are Sold

500 ALLOTTED TO RUSHVILLE

The season tickets for the Rushville sectional tourney, to be held Friday and Saturday of this week, went on sale this morning at the office of E. B. Butler in the high school building, at \$1.50 each.

On account of the interest in the tourney, and rules laid down by the state association, the distribution to all schools has been made, and there are only 500 available for Rushville. Season ticket holders will be admitted at the northeast door before single admissions are sold. These season ticket holders will be admitted 30 minutes before the opening of the other doors.

Mr. Butler today made an appeal to citizens of Rushville, asking that sleeping quarters be listed with him because the visiting teams will have to be accommodated. With ten teams, outside of Rushville, there will be one hundred players and coaches to be taken care of overnight, and persons who have a room or two to rent for that purpose, should apply to Mr. Butler at the school, phone number 1522.

Movies

"Idle Tongues," Princess
High up on top of San Juan Heights, back of Laguna Beach, Cal., an entire village was built by Thomas H. Ince for the filming of his forthcoming First National picture, "Idle Tongues."

This is an adaptation of Joseph C. Lincoln's novel of Cape Cod life, "Dr. Nye," rather than take a company of players to the Massachusetts coast for the necessary parts of Cape Cod to California.

Unusual measures were taken to get the proper effect of a village high above the sea, as the story demanded. Tons of earth were filled in, and other tons leveled to get sufficient acreage for the town site. Roads were built and water and light plants installed.

But the village probably had the shortest life of any in history. It was torn down three weeks after it was built, the exterior scenes having been completed.

"Idle Tongues," co-starring Percy Marmont and Doris Kenyon, will be shown at the Princess theatre today and Tuesday.

"The Clean Heart, Castle"

The picture unusual will be shown at Castle theatre today and Tuesday. It is an adaptation of A. S. M. Hutchinson's famous novel, "The Clean Heart," and is called "The Clean Heart," or "The Cruelties of Life." The story tells the adventures of a man who has reached the pinnacle of success and just at the moment when he could enjoy the fruits of his labor suffers a mental breakdown. He flees from his office and falls in with a tramp and philosopher, who struggles with the man's illusion in an effort to put him on the right path. Though the tramp fails to see his work through, it is continued by a young girl, who succeeds in bringing sunshine into the life of the man and restoring him to health. Many dramatic sequences, interspersed with humorous situations and a queer love twist give "The Clean Heart," or "The Cruelties of Life," a perfect balance and make it one of those unusual pictures which come only once in a blue moon.

Percy Marmont has the principal male role; Marguerite de la Motte is cast as the heroine, and Otis Harlan portrays the tramp philosopher. The production was directed by J. Stuart Blackton for Vitagraph.

Nurmi Starts Fad

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Feb. 28—Paavo Nurmi's visit to the United States proved the contention of veteran coaches that America could have some good middle distance and long distance runners if the athletes would only get interested in events over a quarter mile.

It is a generally accepted fact that the United States was turning into a nation of sprinters before Nurmi came from Finland to show the greatest pair of running legs in the world. High school coaches said that every candidate for their track teams wanted to be a Paddock. Distance running required more training and entailed more labor.

Nurmi now is perhaps the best known athlete in the world. Tex

Mr. and Mrs. Baker Martin and family were Sunday guests of Mr.

Rickard rates him with Jack Dempsey and Babe Ruth as the greatest individual drawing card in the world. Nurmi has started a fad for distance running and it is certain to have its effect in the next four years.

Since the great Finn came to this country, American runners, while they have been made to look bad in competition against him, have performed better than they ever did before. Joie Ray and Jimmy Connolly have done their fastest miles and Lloyd Hahn turned in the astounding time of 4:13 2-5, a new world's record for a mile.

Perhaps it was the idea of the A. A. U. officials, in bringing Nurmi to this country, to encourage distance running and get youngsters interested in running more than a quarter mile. If it was their purpose, it was done wisely and it has been very successful.

and Mrs. M. M. Moffett.

MEMBER OF WINNING TEAM

Herman Phillips on Butler Relay Squad Setting New Record

The Butler college relay team, of which Herman Phillips of this city is a member, established a new record Saturday night at the University of Illinois relay carnival, making the run in 3:23 2-5 and bettering the former record of 3:31 1-5.

The meet attracted a record-breaking list of 715 athletes from 64 universities and colleges. The honor of breaking the former record in the mile relay is a distinctive one, and the Rushville runner is making big strides in his running at the Indianapolis university. He received a gold watch as a prize for his part in winning the relay.

Laporte—Alleging that her husband, Charles Freestone, compelled her to work in the fields until she became ill, refused her food and medical attention and then drove her from home, Mrs. Rosa Lee Freestone filed suit for divorce here.

Power in the Blood!

You will be compelled to admit that the results of S. S. S. are really amazing!

MAN'S GLORY is his strength—yet how few there are who are really as strong as they should be. The blood thins, gets weaker, blood cells wear out—general weakness and a gradual break-down of the system results.

We know there is one thing that puts power in the blood, and that is more red-blood-cells! S.S.S. builds them by the million! We know that as blood cells increase in number, blood impurities vanish! But have you ever actually taken advantage of this wonderful fact? Thousands just like you have never thought of it. So-called skin eruptions—pimples, boils, blackheads, eczema all pack up and go when the tide of blood cells begins to roll in. Blood cells are the fighting giants of Nature. S.S.S. is one of the greatest blood cell builders, blood cleansers and body builders known to us mortals. Here is your opportunity! S.S.S. contains only vegetable medicinal ingredients. Because S.S.S. does build red-blood-cells, it routs rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down.

Start taking S.S.S. today and get back that power in your blood!

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

The bridegroom is well known in this city, having graduated from the Rushville high school and also graduated from Indiana University. Mr. and Mrs. Flechart will reside in Ardmore, Okla., where the former is employed.

The home of Mr. and Mrs. Cassin Gray of Carthage was the scene of a very pretty wedding Sunday afternoon at four o'clock when their daughter, Miss Margaret Gray, became the bride of Robert S. Stanley, also of Carthage, the Rev. Zona White, of the Friends church of Charlottesville, officiating.

Preceding the ceremony Miss Evelyn Lewis of Charlottesville sang "I Love You Truly," accompanied by Miss Janette Rawls. The wedding march was played by Miss Harriet Rawls with violin obligato by adette Rawls. The bridal party was strewn with sweetpeas by the little flower girl, Harriet Gray, sister of the bride, and was followed by the bridesmaid, Miss Agnes Denaree of Madison, Ind., who was dressed in a pretty powder blue frock and thistle down hat. The bride looked lovely in an attractive rust colored crepe-de-chine ensemble suit with a green hat, Gilbert Kistner of Madison, Ind., acted as the best man.

Following the ceremony a candle-light dinner was served, which carried out the color scheme of pink and white. A large wedding cake mounted on sweet peas formed the centerpiece for the dining table. The

guests were Miss Evelyn Lewis and the Rev. Zona White of Charlottesville, the Misses Agnes Denaree of Madison, Myra McDaniel, Janette Rawls, Harriet Rawls, and Mrs. Glen Rawls of Carthage; George Gray of Indianapolis, Gilbert Kistner of Madison and Henry Slager of Carthage.

Mr. and Mrs. Stanley left immediately on a short wedding trip, after which they will be at home to their friends in Carthage.

B B Bonner of Mays stated today that the entire town was grateful to the assistance rendered by the Rushville firemen, and he said beyond a doubt the building would have been a total loss, if the assistance hadn't come when it was most needed. Chief Williamson stated that the pressure killed the fire, but the water tossed in by the bucket full had accomplished a great deal.

The damage will cause much replacement of the flooring, church seats and other fixtures which were damaged by smoke and water. The fire is regarded as a fortunate one because of the fact that there was no insurance carried, and the building was valued at several thousand dollars.

IS EVERY DAY A BACKACHE DAY?

Rushville Folks Have Found the Cause and Corrected It

Is your back lame and achy? Are you tortured with sharp, rheumatic pains; miserable with headaches, dizzy spells, and kidney irregularities? No wonder, then, you feel worn-out and discouraged. But have you given any thought to your kidneys? You should! Weak kidneys cause just such troubles. Don't risk neglect! Use Doan's Pills—a stimulant diuretic to the kidneys. Here's a Rushville case.

George W. Conrad, retired stationary engineer, 810 W. Third St., says: "Backache bothered me. Every time I tried to lift, a sharp pain darted across my back and when I got up in the morning, it was hard to stir around. The kidney secretions didn't pass nearly as often as they should, either. Also specks before my eyes blurred my sight. Four boxes of Doan's Pills drove kidney troubles away."

TO CONTINUE CAMPAIGN FOR ENDOWMENT FUND

American Legion Will Also Give Every Support to Drive for Sullivan Mine Relief Fund

PURPOSES ARE ALMOST SAME

Indianapolis, Ind., March 2—While the American Legion will give every support to the drive for the Sullivan mine relief fund, there will be no suspension of the campaign to raise Indiana's share of the Legion endowment fund for war orphans and disabled veterans.

This was announced today by Marcus Sonntag, of Evansville, chairman of the Indiana committee for the endowment fund, and Thomas McConnell, state Legion commander.

"The purpose of the Legion endowment is almost identical with that of the Sullivan relief work," Sonntag said.

"The only real difference is that the Indiana disaster which created widows and orphans is recent and new and startling. The world war is still exacting its widows and orphans by the thousand each year as wounded and tubercular veterans are dying in four hospitals.

"Their death rate is an average of fifteen a day, or more than five thousand each year.

"The whole Legion is in accord with the Sullivan relief work, and the Sullivan post was first on the grounds to patrol the scene of the disaster.

"Our work of raising the permanent fund for the war's disabled and the war's orphans will not be permitted to interfere with the Sullivan relief work.

"They will go forward side by side, serving as they do purposes which are so nearly identical."

Health turns the Clock Backward

UNCLE BEN SAYS:

"In one respect, we humans are different from vegetables. When we go to seed they plant us."

The Greatest of Wonders

Chiropractic Health Talk No. 200.
By H. V. McCully, D. C., Ph. C.

If the human body is the most wonderful thing in Creation, the female structure is far more wonderful than that of man. Adapted by Nature to the work of perpetuating humanity, the physical mechanism is far more delicate and complicated than in a male.

For this very reason women are subject to ill health more readily than men when through any cause a spinal bone presses upon the nerves carrying the current of vital energy supplying the abdominal and pelvic regions.

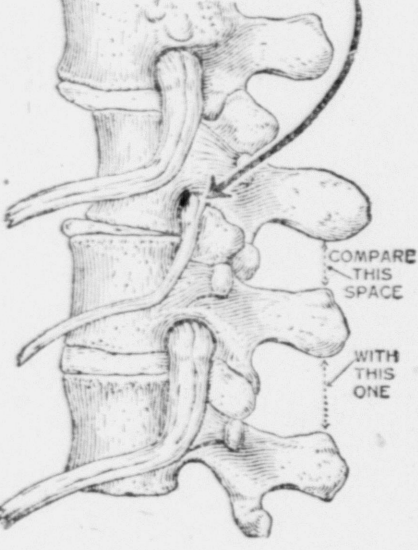

Any hint of disorder should cause an immediate call upon a chiropractor, who is trained to locate the spinal bone causing pressure, and, by an adjustment of the spinal bone, replaces it in proper position, so that Nature may perform her work unimpeded.

Fifteen Years She Suffered

"For fifteen years I suffered from female weakness. Physicians consulted stated that it was necessary to build up my body, but under their treatment I could not build up and found no improvement in my condition. On the contrary I developed stomach trouble and nervousness as well. On the advice of a physician, I decided to try Chiropractic. Under adjustments I quickly received relief from pain, my stomach trouble has been greatly relieved and I have put on eight pounds in as many months." Miss Agnes Stevens, Chiropractic Research Bureau, Statement No. 2382-0.

MAYS CHURCH IS DAMAGED BY FIRE

Loss Estimated at \$800 to \$1,000
Sustained by United Presbyterian
Congregation

PUMPER NO. 2 RESPONDS

Booster Pump on Rushville Fire
Truck Extinguishes Blaze—Buck-
et Brigade Does Good Work

The United Presbyterian church at Mays, the only church in the town, was damaged by fire Sunday morning about 9:30 o'clock, and a loss estimated at \$800 or \$1,000 resulted. The fire was brought under control and the building was saved.

It was understood that the property was not injured and the total loss will be sustained by the church. Pumper company 2 of this city was sent to aid in the fighting of the fire, and the fire engine from Carthage also arrived, after the fire was under control.

The blaze is believed to have started in some manner from the furnace in the church. Some trouble was experienced in getting the fire to burn early Sunday morning, before the church services, and the pipe was taken down and cleaned.

After the fire was started again in the furnace it appeared to be burning in good shape, and it was left alone, and when church time arrived, the building was full of smoke, and the fire was roaring in the basement beneath the main floor of the church auditorium.

The building is a fine brick structure and was nicely decorated on the interior. The volume of smoke ruined the decorations. The people of Mays and vicinity turned out and formed a bucket brigade and fought heroically. They were handicapped on account of the smoke, and could not reach the flames beneath the floor. They poured water through the windows and soaked the floor, and in this manner checked the flames from bursting into the central part of the building.

A call was sent here, and pumper company 2 reached the place in a short time. The small line of hose from the booster tank was used, and inserted into the basement. The high pressure from this line quickly extinguished the fire that was burning its way rapidly to a point of getting beyond control.

There was no other source of water supply available excepting small wells, and the booster line was the only one that could be used, but it was sufficient to fight the fire.

Fire chief Williamson, who accompanied the truck, stated today that the people of Mays deserve

Oren Elmer Mantief, Age 66, Com-
mits Suicide at Home of Daugh-
ter in Carthage

TWO DAUGHTERS LIVE HERE

Oren Elmer Mantief, age 66 years, a well known resident of Carthage, was found dead in bed Sunday morning at the home of his daughter, Mrs. Charles Weaver, with whom he lived. Mr. Mantief committed suicide by shooting himself through the head with a revolver.

Despondency over ill health was attributed as the cause of his action, according to Dr. J. M. Lee, county coroner, who investigated the accident. Mr. Mantief is believed to have shot himself Saturday night, as members of the family with whom he lived, were away from home, and when they returned, believed he had retired. When he failed to appear for breakfast, the discovery was made. He had been dead several hours.

Besides the daughter, with whom he lived, he is survived by two other daughters, Mrs. John Hobbs and Mrs. Grover Enos, both of Rushville, and a son, Ben Mantief of Connorsville.

Funeral services will be held Tuesday morning at ten o'clock at the Methodist church in Carthage, in charge of the Rev. Mr. Glover, and burial will be made in the cemetery at Arlington.

COMPOSER TO APPEAR HERE

Miss Edna Welty Talented Reader
and Pianist of Give Program

Miss Edna M. Welty, composer, pianist and reader, will appear in a program of music and readings at the First Baptist church Tuesday evening at 7:45 under the auspices of the Progressive Booster class of the Sunday school. Miss Welty has been on a tour of the northern part of the state where her work has been given the widest praise.

Miss Welty was brought to Rushville because of having been here with the McKinleys when they held a revival at the First Baptist church a few months ago. At that time she delighted local audiences with her versatility and charm.

TO TEST SENTIMENT FOR A GYMNASIUM

Commissioners Take Step Toward Community Building

The county board of commissioners revealed sentiment in favor of a community building, this afternoon, in voting to instruct the president of the board, Harry Gosnell, to communicate with the Rushville city council to see what cooperation might be expected for the erection of a community building.

A building for agricultural and industrial shows, large community gatherings, conventions and athletic contests could be erected jointly by the county and city under a state law, the commissioners have been informed.

The campaign to ascertain the extent of the sentiment for building a new gymnasium and community building in Rushville, will take formal shape Thursday of this week, according to an announcement made today by H. B. Allman, superintendent of the city schools.

No definite plan has been worked out, and the first plan now is to find out whether the sentiment is strong enough to justify the proposition, and the success of the campaign Thursday will determine the future of the plan.

On Thursday afternoon, high school pupils will be dismissed for the purpose of making a canvass with pledge cards for season tickets for next year. An effort to secure 1,000 pledges will be made in the afternoon, and if this is done, it will no doubt reveal the fact that the sentiment is strong enough to encourage the proposition.

The price of the season tickets has not been determined. After the canvass has been made, a check will be taken. Persons who have been clamoring for a new structure, and who would like to have a seat reserved for every home game next season will now have an opportunity of aiding in the plan, and as said before, the success will show the general sentiment.

HOGS' UP TO \$13

MERCURY HITS ZERO TO USHER IN MARCH

Only Ten Times in Last 44 Years
Has Temperature Gone as Low
During March

WARMER WEATHER PROMISED

The mercury hit a low mark to usher in March, according to Elwood Kirkwood at Maury, in charge of the government thermometer, who stated that zero weather for March was on record only ten times during the period of 44 years of which he has been in charge of the records.

The mercury during the night reached zero, according to Mr. Kirkwood. The zero weather is an unusual thing for March, and the coldest for any period in March during the 44 years, was 5 below in 1884.

The mercury this morning did not climb very fast and at noon was only eleven degrees above. The atmosphere was chilled with a strong wind, that combined with the zero temperature.

Warmer weather is in sight, according to the prediction today. The report states that fair weather will prevail, with the rising temperature due by Tuesday, and continued fair.

Chicago, Mar. 2—The crest of the midwest cold wave will pass to the eastward tonight, the weather forecasters today Sub-zero temperatures still prevail in the northern part of this forecast area, Minnesota points reporting from ten to 16 below zero. At White River Ont., it is 46 below.

SUFFERS FRACTURE OF THE LEG

Miss Bernice Kelso of This City
Taken to Indianapolis Hospital

Indianapolis, Ind., March 2—Miss Bernice Kelso, of Rushville, Ind., was taken to the Deaconess hospital last night with a fractured right leg. She slipped and fell as she was crossing Illinois street just north of Market street.

Miss Kelso is the daughter of Mr. and Mrs. Lon Kelso, 231 West First street. Mrs. Kelso went to Indianapolis this afternoon to bring her daughter home in an ambulance.

Miss Kelso was accompanied by Ervine Greeley, 210 North Jackson street, this city. Miss Kelso's father is employed at the Rushville Steam Laundry.

MRS. LUTHER HUNGERFORD DIES SOUTHWEST OF CITY

Death Follows Affliction of 20
Years With Rheumatism Sunday
—Funeral Tuesday

HUSBAND, 2 CHILDREN LEFT

Mrs. Katherine Hungerford, wife of Luther Hungerford, died Sunday morning about 11:30 o'clock at the family home, southwest of here in Rushville township, death resulting from a long illness, and terminating a sickness of 20 years with rheumatism.

The deceased was 41 years of age, and was the daughter of the late Henry and Elvira Mull. She is survived by her husband and two children, Wesley and Helen Hungerford, who live at home. A brother and a sister also survive, who are W. A. Mull and Mrs. Alva Hungerford, both of this county.

Funeral services will be held Tuesday afternoon at two o'clock at the Big Flatrock church in charge of the Rev. Mr. Hosier, and burial will be made in East Hill cemetery Rushville.

HEAD OF INDIANA EDITORS

(Special to The Daily Republican)

Newcastle, Ind., March 2—George A. Elliott, age 46 years, died at his home here this morning at eleven o'clock. Mr. Elliott's death had been expected for the past several days, due to his critical condition with heart trouble.

The deceased was editor and publisher of the Newcastle Courier, president of the Indiana Republican Editorial association, republican sixth district chairman and member of the republican state central committee.

He served four years as mayor of Newcastle, his term ending December 31, 1921. Mr. Elliott also was formerly treasurer of the Newcastle board of education and president of the Newcastle Chamber of Commerce.

The deceased would have been 47 years of age the 25th day of this month. He is survived by the widow and three children, Mrs. Alfred Mar

ASSESSORS MEET TODAY TO BEGIN THEIR DUTIES

Expected to Agree on Schedule of
Prices for Appraisal of Per-
sonal Property

WILL ASSESS REAL ESTATE

Township assessors of Rush county met today with Earl F. Priest, county assessor, and made preparations for the annual assessment of taxable property.

Before the day's session adjourned the assessors expected to prepare a schedule of appraisal values for every article appearing on the assessment list.

The county assessor, as well as the township assessors, have been keeping a close check on public sales in Rush county with a view of arriving at the true cash of farm personal property. By this means, they endeavor to fix a fair value on each item.

Real estate also will be assessed this year, in accordance with the order of the state board of tax commissioners. Ordinarily, this class of property is assessed every four years, but due to the sentiment in favor of a new reappraisal, on account of the decline in land values since the last reappraisal, an assessment was ordered this year.

Dan Spivey, Rushville township assessor, has announced the appointment of Val Conway, O. C. Brann, Charles Lamberson and Will Jones as deputies.

ACCOUNTS FOR EARTH TREMOR

Dr. Reed Says It Was Due to Slip-
ping of Rock Mass in Ocean

New York, Mar. 2—The slipping of a rock mass in the Atlantic ocean off the coast of Maine, about 345 miles from New York, caused the earth tremor of Saturday night which shook the northeastern part of the United States and eastern Canada, and as far west as Wisconsin.

This has been established by Dr. Chester A. Reed of the American museum of natural history from a study of the seismography record at that institution.

Dr. Reed said evidence indicated the quake was due to a new movement in a recently discovered fault or fracture in the ocean bed extending from the Bay of Fundy, southward to the Isle of Shoals, off Portsmouth, N. H.

FOR THEFT OF AUTO TINES

Earl Andis and George Youse of
Carthage in Jail

Two young men of Carthage are in jail, charged with the theft of automobile tires, following their arrest Sunday by Sheriff Hunt and police chief Blackburn. The prisoners are Earl Andis and George Youse. They are charged with stealing tires from an automobile trailer belonging to Rowland H. Hill of Carthage.

According to the officers, a tenant on the Hill farm suspected the two men, and an automobile belonging to Andis was traced to this city where it was in a garage being repaired. The stolen tires were identified on the machine, it is said, and this caused the arrest of the two. Andis has been in trouble before, according to local records, and served a sentence a few years ago for liquor law violations.

TWO DEPARTMENTS PUT UNDER FIRE

House Adopts Majority Report to
Abolish State Highway Commis-
sion as Now Constituted

OIL INSPECTION ALSO HIT

Bill Placing Busses Under Public
Service Commission Ready for
Governor's Signature

(By United Press)

Indianapolis, Ind., March 2—The state highway commission and the state oil inspection department came under fire in the legislature today.

The house adopted a majority committee report recommending passage of the Kissenger bill to abolish the state highway department as now constituted.

The senate out the appropriation for the oil inspection department from \$200,000 to \$10,000 for the next two years.

Under the Kissenger bill, a new highway commission composed of four members appointed by the governor on a non-partisan basis would be created. The director of the highway department would be appointed by the governor and would be directly responsible to him. At present the director is named by the highway commission itself.

The Kissenger bill now goes to second reading where foes of the highway commission will seek enough votes to put it across without radical amendments.

The slash in the oil inspection department appropriation was made by the senate sitting as a committee of the whole in considering the \$48,000,000 administration appropriation bill.

Senator Batt of Terre Haute declared that the jobs in the oil inspection department were "alms" for indigent political workers. Senator Sanders of Bluffton argued that inspectors did no good whatever.

Senator Chambers of Newcastle made the motion for the slash in the appropriation. The senate sat in consideration of the appropriation bill throughout the morning.

The house today defeated the Nejd old age pension bill when it adopted a committee report for indefinite postponement.

The bill passed the senate by a narrow margin and a similar measure introduced in the house was killed in the committee earlier in the session.

The house today passed the Moorehead bill for regulation of busses through the public service commission after lengthy debate.

The vote was 69 to 21. The bill now goes to Governor Jackson.

During debate on the bill Representative Pittenger, republican floor leader, said that unregulated bus competition is destroying the taxable property of railroads and interurbans.

Representative Freeman of Kokomo, leading the opposing forces, declared the Moorehead bill was designed to destroy bus competition.

Passing of the Moorehead bill means abandonment of action on the Hill bill which proposed to place regulatory power in the hands of the highway commission. The latter bill was backed by bus interests.

Pastors Fill Pulpits in Rushville
Churches Sunday—Ted Spray at
Christian Church

Pastors filled their pulpits regularly in Rushville Sunday, with the exception of the Rev. Gibson Wilson whose place was taken Sunday evening at the First Presbyterian church by the Rev. W. T. Locke, who has spent thirty years in China.

He gave a most instructive address, showing the forces at work changing world conditions, instead of following the usual course of speakers on the subject of missions.

The Rev. Mr. Locke described China as using modern machinery and methods, paying only a few cents per day for labor and as already placing her products on American shores much cheaper than they can be manufactured in this country.

"This can not but affect wage conditions in this country," he said, "unless Christianity can lift up the desires of the Chinese to a better condition of living."

Ted Spray of Frankfort, Ind. delivered two sermons at the Main Street Christian church Sunday, in the absence of a regular pastor. The Rev. B. F. Cato of Marshalltown, Iowa, will become pastor of this church May 1, having accepted a call from here a week ago Sunday.

First Presbyterian

"The Awakening of the Church" was the theme of the Rev. Gibson Wilson's sermon at the First Presbyterian Sunday morning, taking from the text, "Awake, awake, put on thy strength, O Zion; put on thy beautiful garments, O Jerusalem, the holy city." Isaiah 52:1. In brief, the subject was discussed as follows:

Subject: The Awakening Of The Church.

In the previous chapter, the prophet has called upon God, by a figure of speech, to awake and use his strength to save Israel, as he did at the Red Sea.

Now that God has awakened and delivered his people from Babylonian captivity, he calls upon the Church to "Awake" as she has entreated him to do. This is the voice of the preacher and the voice of God united.

The Church has her days of humiliation. During that time the

Clyde Merritt Against Hazel
Merritt in Circuit Court

DIVORCE HEARING IS HELD

The evidence in the child possession suit of Clyde Merritt against Hazel Merritt, was concluded Saturday in the circuit court by special judge Lowe of Lawrenceburg, but no decision rendered in the matter.

Judge Lowe will return here some time this week, and render his decision in the matter. The case occupied the attention of the special judge on three different Saturdays, and considerable evidence was introduced by both sides of the case.

Mr. and Mrs. Merritt are separated, having been refused a divorce several months ago, and the action by the plaintiff is to secure possession of the child.

Judge Sparks heard the divorce suit of Dallas T. Richardson against Harry Richardson, in court Saturday, and the matter taken under advisement. The case was sent here from Fayette county on a change of venue.

There was no court today on account of the absence of Judge Sparks, who was in evidence in a case where he is acting

Are the children in your way because of lack of room to play?

Why not fix up that spare room or attic and give them a chance to play right. They must be in the house during the wet, gloomy weather, so why not give them as much freedom as possible.

You will be surprised how cheaply it can be done. And you will be surprised at the way the children will stay and play there.

PICTURES FORCES AT WORK IN CHINA

Continued from Page One
world laughs and says, where is thy God? Even during the World War enemies of the Church said, Christianity has failed. Evil doers have become more brazen. Other workers of evil have become more cunning.

There are more good people in the world today than ever before, but defiers of God, by the abuse of science and money have become more powerful.

What is the first sign of an awakening church? It is their cry to God to use his strength in defense of his cause. It is also a condition of recovery from our Spiritual stupidity.

The first condition of revival in this church is its cry to God to use his strength for his people. We have prayed too lazily, scarcely expecting an answer. Let us make our cry so earnest and loud that it pierces heaven and arouses God to come to our help. At the grave of Lazarus, the voice that waked the dead was preceded by prayer. It must ever be thus.

Notice also that efforts to serve the Lord will reveal strength not yet known.

We are told that there is enough dormant electric energy in a few raindrops to make a thunderstorm. There is also enough dormant spiritual energy in any earnest Christian to arouse the sinner dead in sin to life in Christ.

"The Church's resources are sufficient for the Church's task, if the resources are used." The five loaves and two fishes were not enough, but in the miracle hand of Jesus, with his blessing they were enough.

All that is necessary is for Zion to put on her strength. Jacob, after one night of prayer and wrestling with God, was stronger than after twenty-one years of trickery, cunning and scheming. God went by the prayer track to the heart of the angry Esau and reconciled the two angry brothers.

Some see only the profanity and obscenity of the world while others see the glory of God. Many soldiers in the World War saw only iniquity round about them. Sherwood Eddy's friend in the direst surroundings

of the trenches said he felt as if he were "In some great cathedral with the presence of God all about him."

There are some of us who are praying for men and women; that they will confess their sin, acknowledge their Lord, and with us take of the sacrament of the Lord's Supper at the Easter time. Instead of our "Organizing" to confer with one another let us "Agonize" and commune with God.

First U. P. Church

The sermon at the First United Presbyterian church on Sabbath morning was delivered by the pastor the Rev. E. G. McKibben and was based on Matthew 27:19, "Have thou nothing to do with that righteous man."

"The wife of Pilate sent this message to her husband," he said, "as he sat on the judgment seat and Jesus was being tried for his life in his court. Although its author was not inspired and the advice was bad, yet the text is a part of the inspired record, and it has its message. Jesus at that time stood before the governor to be judged by him. Soon Pilate would stand before Jesus as his judge. And in this he shared in a common, human experience," the pastor said.

"Today Jesus stands at your judgment bar. What think ye of Christ? is a question that will not down. What will you do with Jesus who is called Christ is always before us. Satan's counsel is, 'Have thou nothing to do with that righteous man.' But you must pass on his claims. He claims to be divine, to be able to save, and willing to save, and to have supreme authority over men. On the strength of the witnesses, are you willing to grant him what he claims? You must accept or reject his salvation. There is no other alternative. There is no middle ground. He that is not for me is against me. You must accept his leadership or follow another leader. You must accept work in his kingdom or turn it down. Jesus

ANOTHER NURSE PRAISES TANLAC

"As a nurse I have seen many marvelous results from Tanlac. For anaemia, nervousness, stomach trouble, and building up the system after operations I consider Tanlac great!" Mrs. K. M. Lowe, Walnut Park, Cal.

Nurse Lowe's statement merely backs up what over one hundred thousand grateful Tanlac users have said about this great natural tonic and builder. Our files are packed with such testimony.

If your system is run down, if you can't seem to eat or sleep, have lost weight or suffer from trying pain, why not let Tanlac start to bring you back to vigorous strength and health.

No long, wretched wait to get results! Tanlac starts right in to build you up. It cleans the blood, revitalizes digestive organs, fixes up the liver and makes you feel like a new person.

TANLAC
FOR YOUR HEALTH

Christ, in a very important sense, stands before the bar of humanity, today and you my friend, are sitting in judgment on him.

"Soon, however, you will stand before him at his judgment bar. 'Forever shall all stand before the judgment seat of Christ.' You will stand there as an impenitent sinner. In that case you will stand alone, no advocate, no word of council, no grain of comfort and no excuse that you will be willing to offer. Your soul will be filled with shame, and fear, and regret and despair. You denied him in the presence of men. He will deny you in the presence of his Father and of the holy angels.

"Or, you will stand thus as a sinner saved by grace. In that case 'You will have boldness in the day of judgment.' That you have not labored in vain. There will be no fear as to the future and no regret as to the past. You will stand there for vindication. You will stand there for reward. This text leaves us at least three things to think about. One is 'Satan would divert attention from the real issue, attend to other things, make a living, look after your reputation, attend to your social functions, throw this matter out of court. 'Have thou nothing to do with his righteous man.' Another is 'This question has precedence over all others.' No child of Adam's race can follow the advice of our text. Your first duty is to enter in through Christ, the door. Your second duty is to walk in Christ, the way. The third is 'This question will not be deferred.' Not to enter the narrow door is to pass through the wide gate. Not to walk in the narrow way is to travel the broad way. Not to serve Christ is to be a bond slave to Satan."

Revival Opens Sunday

A revival began last night at the Church of God, corner of Ninth and Oliver streets, and the evangelist, J. Lee Collins, delivered a message to a goodly number on "Pure Religion" taking for his text, James 1, 20-27. He affirmed that pure religion is

the love of God in our hearts; a divine power comes down from God out of Heaven to save men.

He also said there were many different religions in the world but only one pure religion, and everybody has religion, but not everybody has a pure religion. He spoke of how sin has left its marks on every hillside, but pure religion would "take away the spots and make us kings over ourselves and everything else contrary to God." He likened it to a stream, that never runs dry and "although the thunders may roll, we can have a peace in our bosom that the world don't know anything about."

He spoke of how people need religion more than anything else in this world if they expected to make a success.

There will be services each evening this week at 7:30 o'clock with good singing, and the public is invited.

Mothers, Do This—

When the Children Cough, Rub Musterole on Throats and Chests

No telling how soon the symptoms may develop into croup, or worse. And then's when you're glad you have a jar of Musterole at hand to give prompt relief. It does not blister.

As first aid Musterole is excellent. Thousands of mothers know it. You should keep a jar ready for instant use. It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frosted feet and colds of the chest (it may prevent pneumonia).

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole.

BIBLE THOUGHT

—FOR TODAY—

Bible Thoughts, memorials, will prove a

precious heritage in after years.

Thy Keeper:—The Lord is

shade upon thy right hand.

Legislative Probes

With only one week of the 1925

session of the Indiana general as-

sembly left, it does not now appear

that the program of the state high-

way commission will be seriously

disturbed, even though a legislative

investigation of the commission was

begun today.

Nothing could be more unwise

than to permit the political drive

that apparently has been under way

to undermine and curtail the ef-

fectiveness of the state highway

program. Granted that vast sums of

money have been spent, but there is

no state agency that has ever

given more universal satisfaction.

However pressing the demand for

economy may be, it would set In-

diana back many years if her road

program were slowed up. Instead of

curtailing it, the state should be

planning to build more permanent

roads to keep step with sister

states.

A bond issue of \$60,000,000 will

provide funds for Illinois' road

program. Michigan, too, is extend-

ing itself to build paved highways

as rapidly as possible. These two

states are wise enough to know that

federal aid for state highways may

not last forever. In fact, it is re-

ported that in view of the senti-

ment growing against this method

of spending federal funds, congress

may repeal the law under which the

government helps build and main-

tain roads in states meeting cer-

tain requirements.

It therefore behooves Indiana not

to restrict its state highway com-

mission, but to do everything pos-

sible to build more roads while fed-

eral aid is available. Whenever this

assistance is withdrawn, every cent

of money spent for roads will

come out of the pockets of Indiana

taxpayers.

Good Lighting

Poor lighting may seriously im-
pair the future of a child or may
reduce the usefulness of older peo-
ple, yet it is a question that re-
ceives scant attention from the av-
erage person.Lighting is given more considera-
tion in large auditoriums and pub-
lic buildings, and in industrial in-
stitutions, yet conditions are far from
what they should be, as a rule.This is the testimony of the Eye-
sight Conservation Council of
America, which adds that lighting
conditions in the households and
school rooms of the land are neg-
lected to an extent that is harmful
to the human race.Glare is regarded as the most in-
sidious cause of eyestrain, and it
may be found present in the lighting
arrangement of the majority of
homes.Excessive brightness, excessive
volume of light and excessive con-
trast, are the three chief sources of
glare. Excessive brightness is said
to be the worst offender.It would be a simple matter to
overcome some of the evils of poor
lighting, if those suffering from the
consequences would take the trouble
to determine the source of the trouble.Methods of lighting the home to
promote health and comfort, as
well as to conserve the eyesight,
are becoming vital factors of do-
mestic science and modern house-
wives should not fail to keep in
touch with developments in the art
of lighting the home.ECHOES FROM THE
GENERAL ASSEMBLYIndianapolis, Ind., Mar. 2—Chil-
dren dealt a blow in the senate Fri-
day afternoon when a bill provid-
ing holidays on Saturday afternoon
in all Marion county offices was
passed."Why, that will make it impos-
sible to get marriage licenses on
Saturday afternoons," one senator
remarked."And it will also be impossible to
file divorce suits," another added.The prescription clause in the
Wright "bone dry" prohibition bill
"doesn't mean a thing," according
to Senator Nejdil, of Whiting, Re-
publican floor leader in the upper
house.Joy of the wets over being able
to buy a quart of pure grain alcohol
at a drug store on prescription will
be short lived, according to Nejdil."They'll let a fellow buy his al-
cohol and then haul him in under
other provisions of the bill," Nejdil
said.A five minute cloture rule on de-
bate will be in effect in the house
during the remainder of the ses-
sion to keep the legislative machin-
ery from lagging.Speaker Leslie announced that
night sessions will be held this
week to clear away the mass of
bills and resolutions that are still
pending.In announcing the rules to speed
up the work, Leslie again took a
fling at lobbyists in the legislature."I have good reason to believe
there is plenty of money hanging
around the halls of this chamber,"
he said. "And I will tell the legis-
lature I am not afraid to tell per-
sons who try to coerce me to go to
hades."One of the many rumors growing
out of the strike of the Democratic
senators was officially denied.While Senator Crosby, of Hunt-
ington was in exile in Ohio with the
bolting senators, reports were cur-
rent that he was slated to succeed
Maurice Douglas as member of the
public service commission.Governor Jackson denied that he
had heard anything about it or that
he had considered the appointment
at all.

Douglas' term will expire May 1.

Hunt's Washington Letter

BY HARRY B. HUNT
NEA Service WriterWASHINGTON—The adminis-
tration got its economy
wires crossed the other day
and the result was a short circuit
that shocked Budget Director
Lord to the point of speechless-
ness.While the White House was of-
fering a \$10 reward for sugges-
tions as to how \$12,500 could be
trained from executive office ex-
penses, the Senate, without a roll
call, approved an amendment in-
creasing congressional salaries
from \$7500 to \$10,000, or an in-
crease in the annual congressional
pay roll of \$1,227,500.Maybe Senator L. Heister Ball of
Delaware, who proposed the
amendment, was trying to have a
little fun with his colleagues.Ball is a lame duck, having been
defeated for re-nomination by the
G. O. P.
Perhaps he just wanted to test
out, by actual experiment, the per-
sonal sincerity of his colleagues
who, in the name of national econ-
omy, had recently defeated the
pay increase to postal employees.But if it was a joke to Ball, it
wasn't to other senators who pro-
ceeded without debate to pass it
with a whoop.BRIG. GEN. "BILLY" MIT-
CHELL, air service agitator,
DIP call at the White House
to see President Coolidge on Feb.
19. He shook the president's hand
and the president shook his. And
not a hard word passed between
them.Newspapers on the morning of
the 19th announced that Mitchell
had been summoned to the execu-tive presence to receive the official
ax because of the furor he had
stirred up in army and navy cir-
cles by his fight for a separate air
service.Officialdom was all agog, waiting
breathlessly for what all agreed
—and many hoped—was to be an
executive execution.But when Mitchell arrived it was
in gala attire. He was togged out
in his full-dress uniform, his
shoulders sagging a bit beneath
the weight of the medals and de-
corations pinned across his chest and
hung around his neck.For he had come not as a culprit
to be beheaded, but as a guest at
the army and navy reception, the
last big social binding of the ses-

Obituary

Christina Loomis Krugg was born
at Cincinnati, Ohio and died Febru-
ary 25th, 1925 aged 49 years and
13 days. She came to this county in
1880 where she spent the greater
part of her life. In 1873 she was
united in marriage to John G. Krugg
who preceded her in death, July 15
1912. To this union were born six
children, one son dying in infancy.
Four daughters, Mrs. Mary Holle
and Mrs. Marguerite Lewis of De-
catur County, Mrs. Elizabeth Hed-
rick and Mrs. Anna Barber of
Franklin County, and one son, J.
F. Krugg of Rush County are left to
mourn their loss. She is survived al-
so by seventeen grand children and
two great grand children.The deceased was a member of
the Lutheran church from child-
hood and lived a consistent Chris-
tian life. Her greatest joy and con-
cern in life was her home and fam-

March breezed in like a Lion! Therefore the Lions should feel at home, and win the sectional this week.

WHAT DID YOU THINK OF THE TOURNEY DRAWING? MILROY HAD THE EASIEST PICK OF ANY TEAM. LOOK IT OVER.

It is true Rushville drew a bye, but nothing was gained by it. Rushville must play three games in one day, meeting in all probability, Arlington, Moscow and Milroy—that is if they win all of them. On the other hand, Milroy must play three games to play in the finals, meeting New Salem, probably Carthage and then the final game.

Moscow should have easy picking with Center in their first game, and would then meet either Manilla or Raleigh for their second game, before going into the semi-finals, and if they go the entire limit, it will mean four games for them.

Glenwood failed to enter the tourney and this caused an uneven number of teams. Gings has quit for the season. In all there are 13 teams in Rush county, eligible to take part, if all had entered.

Easy drawing at Connersville, as all eleven teams put together couldn't defeat Connersville.

The drawing in the Shelbyville sectional will put Shelbyville and Greenburg together in the final game, if they both survive all former contests. This will be a real fight.

Will Arlington prove to be a Manilla this year for Rushville. Remember last year, when Manilla fanned the trick.

SCHOOL OFFICIALS ABOVE ALL ELSE SHOULD MAKE IT A POINT AT THE TOURNAMENT TO HAVE TWO CAPABLE PERSONS IN CHARGE OF THOSE SCORE BOARDS. THIS ERROR LAST YEAR CAUSED DEFEAT FOR RUSHVILLE IN THAT MANILLA GAME.

Persons are urged to buy season tickets for the tourney. If Rushville and Milroy should meet in the finals, it no doubt would prove a financial boost and if that new gym was built, 5,000 people would crowd into it.

With only a few exceptions, all games should be close and good ones. There is always a dark horse in a tourney. It may be Center or Arlington. Don't underestimate any team.

TOURNEY GAMES ARE ALL 15 MINUTE HALVES, AND YOU TAKE TEN MINUTES OFF OF A GAME, AND IT MEANS A GREAT DEAL EVERY TEAM SHOULD REMEMBER THAT, AND WORK HARD DURING THE SHORT PERIODS.

The above should especially be practiced by Rushville. A tight defense will be needed to defeat any

team. Don't let 'em shoot from any angle.

Jimmie Hyatt at Arlington, when he learned the tourney drawing, said "good-bye Rushville," and Jimmie generally means what he says. He has a team that is full of surprises, and often times run wild.

Moscow is the most dangerous team in the tourney. They play regular bang up ball all of the time. Coers, floor guard, is a hard fellow to stop. Alexander at center is the main goal shot. These two fellows will have to be watched by any team.

The tourney at Winslow, wherever that happens to be, will be a great thing. Five teams are entered—Otwell, Stendal, Winslow, Spurgeon and Peersburg. Now do you know any more than you did?

AND HERE IS ANOTHER Down at New Harmony, or it may be up, the half dozen teams will be Poseyville, Cynthiana, New Harmony, Griffin, Stewartville and Mt. Vernon. Who would you pick here?

A big city like Logansport doesn't have a tourney. They have to play at Royal Center, along with Deacon, Lacerne, Young America and a few others.

Rushville was fortunate in having assigned two good and well known officials—our own Fred Bills and Gilbert Best. Welcome B-B.

Little Fairview, composed for the most part of Rush county students, will meet Connersville in the first game of the tourney. They probably would have fared better if they had been assigned here.

Regardless of the Comment, We are For Reserved Seats at the State

The following from Hardwood Hopper of Franklin, is purported to be an expose of conditions which caused appeals from all over the state, asking that the seats be reserved at the finals in Indianapolis, in order to relieve the wild rush among spectators. Hittin' 'em, as well as others, regardless of selfish reasons, still maintains that the reserved seat plan is the only logical method of handling the crowds. The expose from the Franklin Star, is as follows:

In a letter received this morning from F. R. Gorman, chairman of the committee in charge of the state tournament this year at the Exposition Building at the Indiana state fair grounds, we find that Hardwood Hopper, along with several other columnists over the state, "fell" for a propaganda stunt that was engineered by W. Blaine Patton, sports editor of the Indianapolis Star and editor-in-chief of Hardwood Double-Drabbles, appearing in that paper.

Patton asked us our opinion of a reserved seat plan for the state finals this year rather than a helter-skelter plan which has been in vogue since the tournament was originated. Being one who appreciates convenience it was easy enough to favor such a plan if it could be made possible and we still favor such a plan if a workable one can be found. We so expressed our feelings in a telegram to Mr. Patton which he published in his paper.

In the letter from Mr. Gorman this morning, in response to our letter to him asking him about Patton's proposition, we were much surprised to find that it was a personal matter between the two men and came up over the refusal of Mr. Gorman, as chairman of the state tourney committee, to allow Patton to reserve a section (free of charge) for the winners of his Hardwood Essay Contest, which section he would have decorated conspicuously with Indianapolis Star banners, etc. All would have been fine had the request been granted but refusal caused opposition of the Indianapolis Star to the tourney committee in their handling of affairs and saw several columnists "taken in" easily on the opposition.

SECTIONAL SEASON TICKETS GO ON SALE

Holders Will be Admitted to Games Friday and Saturday Before Single Admissions Are Sold

500 ALLOTTED TO RUSHVILLE

The season tickets for the Rushville sectional tourney, to be held Friday and Saturday of this week, went on sale this morning at the office of E. B. Butler in the high school building, at \$1.50 each.

On account of the interest in the tourney, and rules laid down by the state association, the distribution to all schools has been made, and there are only 500 available for Rushville. Season ticket holders will be admitted at the northeast door before single admissions are sold. These season ticket holders will be admitted 30 minutes before the opening of the other doors.

Mr. Butler today made an appeal to citizens of Rushville, asking that sleeping quarters be listed with him because the visiting teams will have to be accommodated. With ten teams, outside of Rushville, there will be one hundred players and coaches to be taken care of overnight, and persons who have a room or two to rent for that purpose, should apply to Mr. Butler at the school, phone number 1522.

Movies

"Idle Tongues," Princess High up on top of San Juan Heights, back of Laguna Beach, Cal., an entire village was built by Thomas H. Ince for the filming of his forthcoming First National picture, "Idle Tongues."

This is an adaptation of Joseph C. Lincoln's novel of Cape Cod life, "Dr. Nye," rather than take a company of players to the Massachusetts coast for the necessary parts of Cape Cod to California.

Unusual measures were taken to get the proper effect of a village high above the sea, as the story demanded. Tons of earth were filled in, and other tons leveled to get sufficient acreage for the town-site. Roads were built, and water and light plants installed.

But the village probably had the shortest life of any in history. It was torn down three weeks after it was built, the exterior scenes having been completed.

"Idle Tongues," co-starring Percy Marmont and Doris Kenyon, will be shown at the Princess theatre today and Tuesday.

"The Clean Heart, Castle"

The picture unusual will be shown at Castle theatre today and Tuesday. It is an adaptation of A. S. M. Hutchinson's famous novel, "The Clean Heart," and is called "The Clean Heart," or "The Cruelties of Life." The story tells the adventures of a man who has reached the pinnacle of success and just at the moment when he could enjoy the fruits of his labor suffers a mental breakdown. He flees from his office and falls in with a tramp and philosopher, who struggles with the man's illusion in an effort to put him on the right path. Though the tramp fails to see his work through, it is continued by a young girl, who succeeds in bringing sunshine into the life of the man and restoring him to health. Many dramatic sequences, interspersed with humorous situations and a queer love twist give "The Clean Heart," or "The Cruelties of Life," a perfect balance and make it one of those unusual pictures which come only once in a blue moon.

Percy Marmont has the principal male role; Marguerite de la Motte is cast as the heroine, and Otis Harlan portrays the tramp philosopher. The production was directed by J. Stuart Blackton for Vitagraph.

MARRIAGE LICENSE

A marriage license was issued Saturday by county clerk Leonard Barlow to Robert F. Stanley, Jr., of Carthage, who gave his occupation as a rancher, and Margaret M. Gray, daughter of Mr. and Mrs. Cassius Gray, also of Carthage.

STATED CONVOCATION

A stated convocation of Rushville chapter No. 24 will be held at the Masonic temple Monday night, followed by work in the council degrees.

There will be inspection in the council and chapter Tuesday night by the grand lecturer, Herbert A. Graham of Frankfort.

Nurmi Starts Fad

By HENRY L. FARRELL (United Press Sports Editor)

New York, Feb. 28.—Paavo Nurmi's visit to the United States proved the contention of veteran coaches that America could have some good middle distance and long distance runners. If the athletes would only get interested in events over a quarter mile.

It is a generally accepted fact that the United States was turning into a nation of sprinters before Nurmi came from Finland to show the greatest pair of running legs in the world. High school coaches said that every candidate for their track teams wanted to be a Paddock. Distance running required more training and entailed more labor.

Nurmi now is perhaps the best known athlete in the world. Tex

GLENWOOD

Mr. and Mrs. Lee Welker of Indianapolis and Mr. and Mrs. T. E. Murphy were Sunday dinner guests of Mrs. Chester Beaver and family.

William Schlegel of Indianapolis visited with his parents, Mr. and Mrs. Charles Schlegel Sunday.

Mr. and Mrs. Elmer Seward of Greensburg spent Friday night with Mr. and Mrs. Percy Stamm and Mr. and Mrs. Charles Stamm and family.

Mr. and Mrs. Oscar Moffett of Harrisburg visited with Mr. and Mrs. M. M. Moffett Monday night.

The Embroidery club met with Mrs. Leslie Hinchman Wednesday afternoon.

Mr. and Mrs. Frank Hinchman entertained several friends Tuesday evening in honor of their third wedding anniversary.

Chester Beaver spent Sunday at Greensburg visiting his daughter, Miss Lucile and his son Paul, who are students at DePauw University.

Earl Runyan has returned to his home at Stony Ridge, Ohio, after a few days visit with his children, Floyd, Richard and Isabelle Runyan and his parents, Mr. and Mrs. William Runyan.

The official members of the Epworth League met with the official members of the Christian Endeavor of Laurel, Orange and Little Rock churches at Orange Sunday afternoon and organized a Young People's Christian Union. Officers elected were: President, Kolland May of Orange; vice president, Robert McGraw of Glenwood; secretary, Miss Ruth Manley of Laurel; treasurer, Miss Mary Heaton of Little Flat Rock.

Mr. and Mrs. M. O. Millbourne of Rockville are visiting the latter's parents, Mr. and Mrs. F. J. Scholl and family.

Mr. and Mrs. Fred Cochran and family of Newcastle and Mr. and Mrs. William Trempel of Rushville visited with Mr. and Mrs. A. P. Reynolds Sunday.

Mr. and Mrs. Thomas Jones spent Sunday with Mr. and Mrs. Cash Pattison of Manilla.

Mr. and Mrs. Baker Martin and family were Sunday guests of Mr.

Richard rates him with Jack Dempsey and Babe Ruth as the greatest individual drawing card in the world. Nurmi has started a fad for distance running and it is certain to have its effect in the next four years.

Since the great Finn came to this country, American runners, while they have been made to look bad in competition against him, have performed better than they ever did before. Joie Ray and Jimmy Connolly have done their fastest miles and Lloyd Hahn turned in the astounding time of 4:13 2-5, a new world's record for a mile.

Perhaps it was the idea of the A. A. U. officials, in bringing Nurmi to this country, to encourage distance running and get youngsters interested in running more than a quarter mile. If it was their purpose, it was done wisely and it has been very successful.

MEMBER OF WINNING TEAM

Herman Phillips on Butler Relay Squad Setting New Record

The Butler college relay team, of which Herman Phillips of this city is a member, established a new record Saturday night at the University of Illinois relay carnival, making the run in 3:23 2-5 and bettering the former record of 3:31 1-5.

The meet attracted a record breaking list of 715 athletes from 64 universities and colleges. The honor of breaking the former record in the mile relay is a distinctive one, and the Rushville runner is making big strides in his running at the Indianapolis university. He received a gold watch as a prize for his part in winning the relay.

MAN'S GLORY is his strength—yet how few there are who are really as strong as they should be. The blood that flows through the veins is the life-giving power. Blood is the life-giving power. Blood is the life-giving power. Blood is the life-giving power.

We know there is one thing that puts power in the blood, and that is more red blood cells! S. S. S. builds them by the million! We know that as blood cells increase in number, blood impurities vanish! But have you ever actually taken advantage of this wonderful fact? Thousands just like you have never thought of it. So-called skin eruptions, pimples, boils, blackheads, eczema all pack up and go when the tide of blood cells begins to roll in. Blood cells are the fighting giants of Nature. S. S. S. is one of the greatest blood cell builders. Blood cleansers and body builders known to us mortals. Here is your opportunity! S. S. S. contains only vegetable medicinal ingredients. Because S. S. S. does build red blood cells, it cures rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down.

Start taking S. S. S. today and get back that power in your blood!

The day was enjoyed with music and a social good time.

Saturday afternoon quite a number of ladies heard Miss Margaret Donnan review the book of Joseph Conrad, written by Ford Mattox Ford, and Joseph Conrad's book entitled "Lord Jimshy." The reviews were splendid and were given in Miss Donnan's usual capable manner. After a few minutes intermission, Miss Donnan talked on the daughters of King Lear, from Shakespeare's play, King Lear. The meeting of her class was held in the Assembly room of the court house.

Relatives and friends here have received announcements of the wedding of Mrs. Madge Supple, of Se-

dan, Ka., to John Flechart, of Ardmore, Okla., and a son of Mrs. Ethel Flechart of this city. The marriage took place January 13, in Sedan Ka. The bridegroom is well known in this city, having graduated from the Rushville high school and also graduated from Indiana University. Mr. and Mrs. Flechart will reside in Ardmore, Okla., where the former is employed.

The home of Mr. and Mrs. Cassius Gray of Carthage was the scene of a very pretty wedding Sunday afternoon at four o'clock when their daughter, Miss Margaret Gray, became the bride of Robert S. Stanley, also of Carthage, the Rev. Zona White, of the Friends church of Charlottesville, officiating.

Preceding the ceremony Miss Evelyn Lewis of Charlottesville sang "I Love You Truly," accompanied by Miss Janette Rawls. The wedding march was played by Miss Harriet Rawls with violin obligato by admette Rawls. The bridal party was strewn with sweetpeas by the little flower girl, Harriet Gray, sister of the bride, and was followed by the bridesmaid, Miss Agnes Denaree of Madison, Ind., who was dressed in a pretty powder blue frock and thistle down hat. The bride looked lovely in an attractive rust colored crepe-de-chine ensemble suit with a green hat, Gilbert Kistner of Madison, Ind., acted as the best man.

Following the ceremony a candlelight dinner was served, which carried out the color scheme of pink and white. A large wedding cake mounted on sweet peas formed the centerpiece for the dining table. The

guests were Miss Evelyn Lewis and the Rev. Zona White of Charlottesville, the Misses Agnes Denaree of Madison, Myra McDaniel, Janette Rawls, Harriet Rawls, and Mrs. Glen Rawls of Carthage; George Gray of Indianapolis, Gilbert Kistner of Madison and Henry Slager of Carthage.

Mr. and Mrs. Stanley left immediately on a short wedding trip, after which they will be at home to their friends in Carthage.

ENDORSES JUNIOR ASSEMBLY

Senators Watson and Ralston Write in Favor of School Plan

Indianapolis, Ind., Mar. 2—Endorsement of the plan to hold a "Junior General Assembly" in Indiana March 23 to 28 has been given by Senator Watson and Ralston.

The two members of the upper house of congress from Indiana wrote Dr. H. N. Sherwood, state superintendent of public instruction, that the plan will "aid greatly in developing an understanding of our government among school students."

Dr. Sherwood and members of the department of public instruction are sponsoring the move.

much credit for handling the fire and holding it in check.

B. B. Benner of Mays stated today that the entire town was grateful for the assistance rendered by the Rushville firemen, and he said beyond a doubt the building would have been a total loss, if the assistance hadn't come when it was most needed.

Chief Williamson stated that the pressure killed the fire, but the water tossed in by the bucket full had accomplished a great deal.

The damage will cause much replacement of the flooring, church seats and other fixtures which were damaged by smoke and water. The fire is regarded as a fortunate one, because of the fact that there was no insurance carried, and the building was valued at several thousand dollars.

IS EVERY DAY A BACKACHE DAY?

Rushville Folks Have Found the Cause and Corrected It

Is your back lame and achy? Are you tortured with sharp, rheumatic pains; miserable with headaches dizzy spells, and kidney irregularities? No wonder, then, you feel worn-out and discouraged. But have you given any thought to your kidneys? You should! Weak kidneys cause just such troubles. Don't risk neglect! Use Doan's Pills—a stimulant diuretic to the kidneys. Here's a Rushville case.

George W. Conrad, retired stationery engineer, 810 W. Third St., says: "Backache bothered me. Every time I tried to lift, a sharp pain darted across my back and when I got up in the morning, it was hard to stir around. The kidney secretions didn't pass nearly as often as they should, either. Also specks before my eyes blurred my sight. Four boxes of Doan's Pills drove kidney troubles away."

TO CONTINUE CAMPAIGN FOR ENDOWMENT FUND

American Legion Will Also Give Every Support to Drive for Sullivan Mine Relief Fund

PURPOSES ARE ALMOST SAME

Indianapolis, Ind., March 2—While the American Legion will give every support to the drive for the Sullivan mine relief fund, there will be no suspension of the campaign to raise Indiana's share of the Legion endowment fund for war orphans and disabled veterans.

This was announced today by Marcus Sonntag, of Evansville, chairman of the Indiana committee for the endowment fund, and Thomas McConnell, state Legion commander.

"The purpose of the Legion endowment is almost identical with that of the Sullivan relief work," Sonntag said.

"The only real difference is that the Sullivan disaster which created widows and orphans is recent and new and startling. The world war is still creating its widows and orphans by the thousand each year as wounded and tubercular veterans are dying in four hospitals.

"Their death rate is an average of fifteen a day, or more than five thousand each year.

"The whole Legion is in accord with the Sullivan relief work, and the Sullivan post was first on the ground to patrol the scene of the disaster.

"Our work of raising the permanent fund for the war's disabled and the war's orphans will not be permitted to interfere with the Sullivan relief work.

"They will go forward side by side, serving as they do purposes which are so nearly identical."

Health turns the Clock Backward

UNCLE BEN SAYS:

"In one respect, we humans are different from vegetables. When we go to seed they plant us."

The Greatest of Wonders

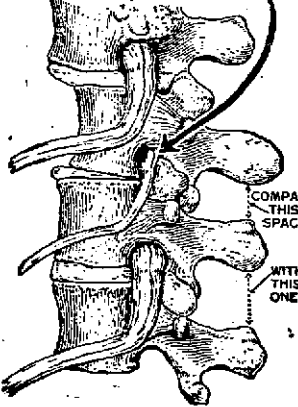

Chiropractic Health Talk No. 200.
By H. V. McCully, D. C., Ph. C.

If the human body is the most wonderful thing in Creation, the female structure is far more wonderful than that of man. Adapted by Nature to the work of perpetuating humanity, the physical mechanism is far more delicate and complicated than in a male.

For this very reason women are subject to ill health more readily than men when through any cause a spinal bone presses upon the nerves carrying the current of vital energy supplying the abdominal and pelvic regions.

Any hint of disorder should cause an immediate call upon a chiropractor, who is trained to locate the spinal bone causing pressure, and, by an adjustment of the spinal bone, replaces it in proper position, so that Nature may perform her work unimpeded.
